DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Project No. 2629-014-Vermont

Village of Morrisville, Vermont; Notice of Availability of Draft Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license for the multi-development Morrisville Hydroelectric Project, located on the Green River, Elmore Pond Brook, and Lamoille River in Lamoille County, Vermont, and has prepared a draft Environmental Assessment (EA) for the project. The project does not occupy any federal land.

The draft EA contains the staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the draft EA is on file with the Commission and is available for public inspection. The draft EA may also be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link.
